

Best in Surgery Video Integration

Overview

Your SSV Nauka platform now includes **24 professional surgical videos** from Best in Surgery - an educational project by Professor K.V. Puchkov featuring laparoscopic operations from world-leading surgeons, including **6 specialized videos on colorectal cancer surgery**.

What is Best in Surgery?

Best in Surgery (www.best-in-surgery.ru) is a Russian educational platform providing high-quality laparoscopic surgical videos for medical professionals. Videos are available on **YouTube** and **Rutube** for free educational access.

Videos Added (24 Total - Best in Surgery Excellence!)

Colorectal Cancer Surgery Videos (6 NEW videos):

1. **Рак ободочной кишки. Лапароскопическая гемиколэктомия** (52:00) - Пучков К.В.
- Colon cancer. Laparoscopic hemicolectomy for colon cancer
2. **Лапароскопическая левосторонняя гемиколэктомия. D3 лимфаденэктомия. Методика Delta-Wings** (48:00) - Пучков К.В.
- Left hemicolectomy with D3 lymphadenectomy. Combined mobilization of splenic flexure (Delta-Wings technique)
3. **Правосторонняя гемиколэктомия с D3-лимфаденэктомией и высоким лигированием сосудов** (50:00) - Пучков К.В.
- Right hemicolectomy with D3 lymphadenectomy, high ligation of vessels, stapled anastomosis
4. **Лапароскопическая резекция сигмовидной кишки через единый доступ (S.I.L.S. Port)** (45:00) - Пучков К.В.
- Sigmoid colon resection through single port access (S.I.L.S. Port COVIDIEN)
5. **Лапароскопическая D3 лимфаденэктомия при раке правых отделов ободочной кишки** (42:00) - Пучков К.В.
- D3 lymphadenectomy for right colon cancer
6. **Лапароскопическая передняя резекция прямой кишки. D3 лимфаденэктомия. NOSES техника** (55:00) - Пучков К.В.
- Anterior rectal resection with D3 lymphadenectomy, transanal specimen extraction (N.O.S.E.S. technique)

Gynecologic Surgery Videos (3 videos):

1. **Лапароскопическая пангистерэктомия с аортокавальной лимфаденэктомией** (52:00) - Пучков К.В.
- Laparoscopic panhysterectomy with aortocaval lymphadenectomy and marginal rectal resection for adenocarcinoma

2. **Лапароскопическая миомэктомия с временной окклюзией маточных артерий (40:00)**
 - Пучков К.В.
 - Laparoscopic myomectomy with temporary occlusion of uterine arteries
3. **Лапароскопическая овариэктомия при раке яичника (43:00) - Пучков К.В.**
 - Laparoscopic ovariectomy for ovarian cancer

Colorectal Surgery Videos (3 videos):

1. **Лапароскопическая резекция прямой кишки при эндометриозе и миомэктомия (45:00) - Пучков К.В.**
 - Laparoscopic rectal resection for endometriosis and myomectomy with temporary arterial occlusion
2. **Лапароскопическая резекция толстой кишки при эндометриозе (44:00) - Пучков К.В.**
 - Laparoscopic colon resection for endometriosis
3. **Лапароскопическая резекция прямой кишки при раке (51:00) - Пучков К.В.**
 - Laparoscopic rectal resection for cancer

General Surgery Videos (5 videos):

1. **Рефундопликация по поводу ГПОД. Мастер-класс компании Карл Шторц (38:00) - Пучков К.В.**
 - Refundoplication for hiatal hernia (Master class by Karl Storz)
2. **Лапароскопическая спленэктомия с аутотрансплантацией селезеночной ткани (42:00) - Пучков К.В.**
 - Laparoscopic splenectomy with autotransplantation of splenic tissue
3. **Лапароскопическая паховая герниопластика по методике ТЕР (28:00) - Пучков К.В.**
 - Laparoscopic inguinal hernioplasty using TEP technique
4. **Лапароскопическая холецистэктомия при остром холецистите (35:00) - Пучков К.В.**
 - Laparoscopic cholecystectomy for acute cholecystitis
5. **Лапароскопическая гастрощунтирование при морбидном ожирении (48:00) - Пучков К.В.**
 - Laparoscopic gastric bypass for morbid obesity (bariatric surgery)

Oncologic Surgery Videos (3 videos):

1. **Лапароскопическая резекция желудка при раке (50:00) - Пучков К.В.**
 - Laparoscopic gastric resection for cancer
2. **Лапароскопическая резекция поджелудочной железы при раке (55:00) - Пучков К.В.**
 - Laparoscopic pancreatic resection for cancer
3. **Рак почки. Лапароскопическая резекция почки при раке (48:00) - Пучков К.В.**
 - Kidney cancer: Laparoscopic kidney resection

Urologic Surgery Videos (4 videos):

1. **Лапароскопическая органосохраняющая резекция надпочечника при альдостероме** (35:00) - Пучков К.В.
 - Laparoscopic organ-sparing resection of adrenal gland for aldosteroma
 2. **Лапароскопический шейвинг мочевого пузыря при эндометриозе** (32:00) - Пучков К.В.
 - Laparoscopic bladder shaving for endometriosis
 3. **Лапароскопическая нефрэктомия при раке почки** (46:00) - Пучков К.В.
 - Laparoscopic nephrectomy for kidney cancer
 4. **Лапароскопическая простатэктомия при раке предстательной железы** (49:00) - Пучков К.В.
 - Laparoscopic prostatectomy for prostate cancer
-

How It Works

For Users:

1. **Browse Videos:** Navigate to the video library on your platform
2. **Identify Best in Surgery Content:** Look for videos with “Best in Surgery” clinic name
3. **Free Access:** All videos are available on YouTube/Rutube for educational purposes
4. **Watch on Platform:** Click to view directly on YouTube/Rutube

Visual Indicators:

-  **Orange Badge:** Best in Surgery Content
 -  **“Best in Surgery”:** Educational project marker
 -  **Professor K.V. Puchkov:** Leading Russian laparoscopic surgeon
 -  **Free Access:** Educational content available on YouTube/Rutube
-

Content Categories

By Specialty:

-  **Colorectal Cancer Surgery: 6 videos** (NEW! colon cancer, rectal cancer, D3 lymphadenectomy)
-  Gynecologic Surgery: 3 videos (panhysterectomy, myomectomy, ovariectomy)
-  Colorectal Surgery (Endometriosis): 3 videos (endometriosis, rectal resection)
-  General Surgery: 5 videos (GERD, splenectomy, hernia, cholecystectomy, bariatric)
-  Oncologic Surgery: 3 videos (gastric, pancreatic, kidney cancer)
-  Urologic Surgery: 4 videos (adrenal, bladder, nephrectomy, prostatectomy)

By Surgical Method:

-  All Laparoscopic: 24 videos (100% minimally invasive)
-  Including Single-Port (S.I.L.S.): 1 video
-  Including NOSES Technique: 1 video

By Difficulty:

- 🟡 High Complexity: 20 videos (oncology, complex reconstructions, D3 lymphadenectomy)
- 🟠 Medium Complexity: 4 videos (hernia repair, cholecystectomy)

By Duration:

- Short (20-35 min): 4 videos
- Medium (36-50 min): 14 videos
- Long (51+ min): 6 videos

Educational Value

For Medical Students:

- 📖 Comprehensive laparoscopic techniques by leading Russian surgeon
- 👤 Real surgical operations with expert commentary
- 🧑🏫 Learn from Professor K.V. Puchkov - renowned laparoscopic specialist
- 🏥 Diverse surgical specialties coverage

For Surgical Residents:

- 📦 Advanced laparoscopic techniques across specialties
- 🔧 Master classes and step-by-step procedures
- 📊 Complex oncological and reconstructive surgeries
- 🌐 Russian surgical school methodology

For Practicing Surgeons:

- 🔬 Latest laparoscopic innovations
- 💊 Endometriosis treatment techniques
- 🩺 Organ-sparing cancer surgery approaches
- 📋 Comprehensive surgical protocols

Platform Information

Best in Surgery Details:

- **Website:** www.best-in-surgery.ru
- **Founder:** Professor Konstantin Viktorovich Puchkov
- **Content:** Laparoscopic surgical videos from world-leading surgeons
- **Access:** Free educational content on YouTube and Rutube
- **Languages:** Russian (with surgical demonstrations)

Specialties Covered:

- ✅ Gynecology (endometriosis, myoma, cancer)
- ✅ Colorectal Surgery (endometriosis, cancer)
- ✅ General Surgery (GERD, hernias, bariatric, spleen, biliary)
- ✅ Oncology (gastric, pancreatic, kidney, ovarian cancer)
- ✅ Urology (adrenal, bladder, kidney, prostate)

Platform Stats

Total Videos: 335 videos

- WebSurg Professional: 219 videos
- **Best in Surgery: 24 videos** (18 general + **6 NEW colorectal cancer!** 🎉)
- SAGES: 12 videos
- MedTube: 12 videos
- GIBLIB: 12 videos
- World Laparoscopy: 12 videos
- iLappSurgery Educational: 12 modules (FREE)
- Other Sources: 30 videos
- ОБРФМ.РУ: 1 video
- 4SURGEONSCLUB: 1 video

Categories:

- Laparoscopic: 300+ videos
- Robotic: 49 videos
- Endoscopic: 40+ videos
- Various: 50+ videos

By Difficulty:

- High: 200+ videos
- Medium: 100+ videos
- Basic: 20+ videos

Total Duration: ~260+ hours of educational content

Integration Features

Legal Compliance:

- ☒ Free educational content (YouTube/Rutube)
- ☒ Proper attribution to Professor K.V. Puchkov and Best in Surgery
- ☒ Links to original videos on YouTube/Rutube
- ☒ Educational use compliance

Technical Implementation:

- ☒ Orange color theme for Best in Surgery content
- ☒ Direct links to YouTube/Rutube videos
- ☒ Responsive design for all devices
- ☒ Searchable and filterable by specialty

User Experience:

- ☒ Clear visual indicators for Best in Surgery videos
- ☒ Easy navigation to video platforms
- ☒ Comprehensive metadata (author, clinic, duration, difficulty)
- ☒ Integration with existing video library

Related Documentation

- **WEBSURG_INTEGRATION.md** - 219 videos from IRCAD WebSurg
 - **SAGES_INTEGRATION.md** - 12 videos from SAGES
 - **MEDTUBE_INTEGRATION.md** - 12 videos from MedTube
 - **GIBLIB_INTEGRATION.md** - 12 videos from GIBLIB
 - **WORLDLAPAROSCOPY_INTEGRATION.md** - 12 videos from World Laparoscopy
 - **ILAPPSURGERY_INTEGRATION.md** - 12 free modules
 - **YOUTUBE_EDUCATION_INTEGRATION.md** - Additional educational videos

Integration Timeline

Date	Action	Videos Added
November 2025	Initial Best in Surgery Integration	18 videos
November 2025	Colorectal Cancer Surgery Integration	6 videos
Total	24 videos	Full coverage

✨ Why Best in Surgery?

1. **Expert Content:** Videos by Professor K.V. Puchkov, renowned laparoscopic surgeon
2. **Comprehensive Coverage:** 5 major surgical specialties
3. **Free Access:** Educational content available on YouTube/Rutube
4. **Russian Language:** Native Russian surgical education
5. **Real Operations:** Actual surgical procedures with commentary
6. **Master Classes:** Including Karl Storz equipment demonstrations
7. **Innovation:** Advanced laparoscopic techniques and organ-sparing surgery
8. **Oncology Focus:** Cancer surgery from diagnosis to treatment

🔴 NEW! Colorectal Cancer Surgery Integration

Overview of New Videos (6 videos)

Your platform now includes specialized content on **colorectal cancer surgery** featuring advanced laparoscopic techniques:

D3 Lymphadenectomy Techniques:

The new videos focus on **D3 lymphadenectomy** - the most advanced lymph node dissection technique for colorectal cancer, ensuring:

- 🧐 **Complete oncological resection** - removal of all lymph node stations
- 💧 **High vascular ligation** - ligation of vessels at their origin
- 📊 **Improved survival rates** - better long-term oncological outcomes
- 🎯 **Nerve preservation** - maintaining autonomic nerve function

Advanced Surgical Techniques:

1. **Delta-Wings Mobilization Technique (NEW!)**
 - Innovative approach to splenic flexure mobilization
 - Combines medial-to-lateral and lateral-to-medial approaches
 - Safer and more efficient than traditional methods
2. **Single-Port Surgery (S.I.L.S.) (NEW!)**
 - Single incision laparoscopic surgery for sigmoid resection
 - Improved cosmetic outcomes
 - Faster recovery with minimal scarring
3. **NOSES Technique (NEW!)**
 - Natural Orifice Specimen Extraction Surgery
 - Transanal extraction of surgical specimen
 - No abdominal incision for specimen removal
 - Better cosmetic results and faster recovery

Coverage by Cancer Location:

- ✅ **Right Colon Cancer** - Right hemicolectomy with D3 lymphadenectomy
- ✅ **Left Colon Cancer** - Left hemicolectomy with Delta-Wings mobilization
- ✅ **Sigmoid Cancer** - Single-port sigmoid resection

-  **Rectal Cancer** - Anterior resection with NOSES technique
-  **General Colon Cancer** - Standard laparoscopic hemicolectomy
-  **Lymphadenectomy Focus** - Dedicated D3 lymphadenectomy video

Educational Value:

For Oncological Surgeons:

-  Learn D3 lymphadenectomy from one of Russia's leading colorectal surgeons
-  Master advanced techniques (Delta-Wings, NOSES, Single-Port)
-  Understand complete mesocolic excision (CME) principles
-  Study high vascular ligation techniques

For Residents:

-  Step-by-step surgical approach for colorectal cancer
-  Real operations with detailed anatomical demonstration
-  Learn oncological principles in laparoscopic colorectal surgery
-  Understand lymph node dissection extent

For Medical Students:

-  Introduction to modern colorectal cancer surgery
-  Understand surgical anatomy of the colon
-  Learn about minimally invasive oncological surgery
-  See the integration of oncology and surgery

Technical Highlights:

Surgical Innovations Demonstrated:

1. **High Vascular Ligation** - Vessels ligated at their origin for complete lymphadenectomy
2. **Stapled Anastomosis** - Modern techniques for bowel reconstruction
3. **Nerve Preservation** - Maintaining autonomic nerve function
4. **Complete Mesocolic Excision (CME)** - Oncological principle for better outcomes
5. **Single-Port Access** - Latest minimally invasive approach
6. **NOSES** - Scarless surgery with natural orifice extraction

Video Durations:

- Total: **292 minutes** (nearly 5 hours of specialized content)
- Average: **48 minutes** per video
- Range: 42-55 minutes (comprehensive coverage)

Integration completed successfully!

Your platform now offers world-class laparoscopic surgery education from one of Russia's leading surgical experts, **with specialized coverage of colorectal cancer surgery!**

Note: All videos are linked to their original sources on YouTube/Rutube. This integration respects intellectual property rights and provides proper attribution to Professor K.V. Puchkov and the Best in Surgery project.
